An address that stands for good living

Ranked as one of the safest places to live in Canada, South Oakville is the perfect place to call home. Nestled along the banks of Lake Ontario, South Oakville offers residents a clear path to a sophisticated and charming lifestyle.

The Deane is situated in the heart of Kerr Village and neighbours a variety of local restaurants, specialty shops and artisan cafes. Nearby is the vibrant ambiance of downtown Oakville, with an even larger selection of shopping, dining and entertainment. Elevated by waterfront views and 2,500 acres of parkland, this location welcomes scenic bike rides and long walks with family and friends.

Love where you are but also get where you need to be. The Deane is conveniently located near major transit hubs including Oakville GO Station. It offers residents the chance to live life at their own pace, whether they want to take things slow and stay local or enjoy an exciting night in downtown Toronto.

The Deane has a walk score of 83 out of 100

There's always a reason to celebrate

Entertain

The Party Room located on the main floor is the perfect place to host intimate gatherings with family and friends. This space is elevated by beautiful large windows facing the outdoor courtyard, a modern kitchenette, and lounge-style seating and table tops. An extension of your home, this entertainment space is convenient, accessible and ideal for any occasion.

A place to call your own

In every suite, residents are invited to select their desired colour palette and contemporary finishes ranging from light to dark, to make it their own. These spacious living spaces enjoy high ceilings and large windows, welcoming all of the natural light in. Complemented by wood grain textures in the kitchen and bathrooms, The Deane boasts a sophisticated aesthetic that stands the test of time.

Home can be whatever you want it to be

Suites

The Deane showcases smart and sensible design throughout every suite. From large windows and ground-level patios in select suites, residents can enjoy breathtaking views of the central courtyard. Each kitchen features solid surface countertops, 9'9" to 14'1" ceilings and high-end appliances, with contemporary finishes that reflect your personal style.

Come in and stay awhile

Townhomes

Our two-story ground-level townhomes enjoy the comfort of private patios overlooking the neighbourhood or the central courtyard. With expansive ceilings rising up to 11'10" and plenty of room for natural light, these suites are for those who desire a spacious home that grows with them. Whether you plan to expand your family or want a larger living space, The Deane gives residents the room to play, work and relax no matter the stage of life you're in.

A clean and elevated sanctuary

Bathrooms

Every bathroom at The Deane reflects contemporary design with clean, sleek finishes, offering residents a tranquil space to unwind, relax and refresh. Elevated by calming colour palettes, modern cabinetry, frameless glass showers and soaker tubs, these bathrooms offer a private sanctuary within the comfort of your own home.

Live smarter, brighter and safer

At The Deane, lighting control, temperature control and home security are a tap away. We provide residents an unparalleled smart home technology experience that allows them to set the tone with ambient lighting, customize the thermostat to an ideal temperature and take a peek at who's at their door – all without being in the suite itself. With access to these advanced features from a smartphone app, residents can truly make their home a place they can call their own.

From your wall pad
you will have access to:

Voice communication to the
concierge at the front desk

Booking capabilities for
amenity areas

Receive notifications
for community messages
and more

Live one-way video communication
to view visitors and grant them access

Energy

Efficient

Powered to care for the environment

Rise Developments has partnered with Subterra to make The Deane an energy efficient, cost-conscious and sustainable community. Subterra's geothermal solutions are designed to protect residents from energy cost fluctuations and reduce greenhouse gas emissions for up to 30 years. Using state-of-the-art geothermal heat pumps, The Deane's geothermal systems eliminate the need for inefficient A/C and heating equipment. They utilize low-temperature thermal energy to heat and cool your home just the way you like it.

The benefits of Geothermal

30 yrs
