The Mark of Exceptional Design

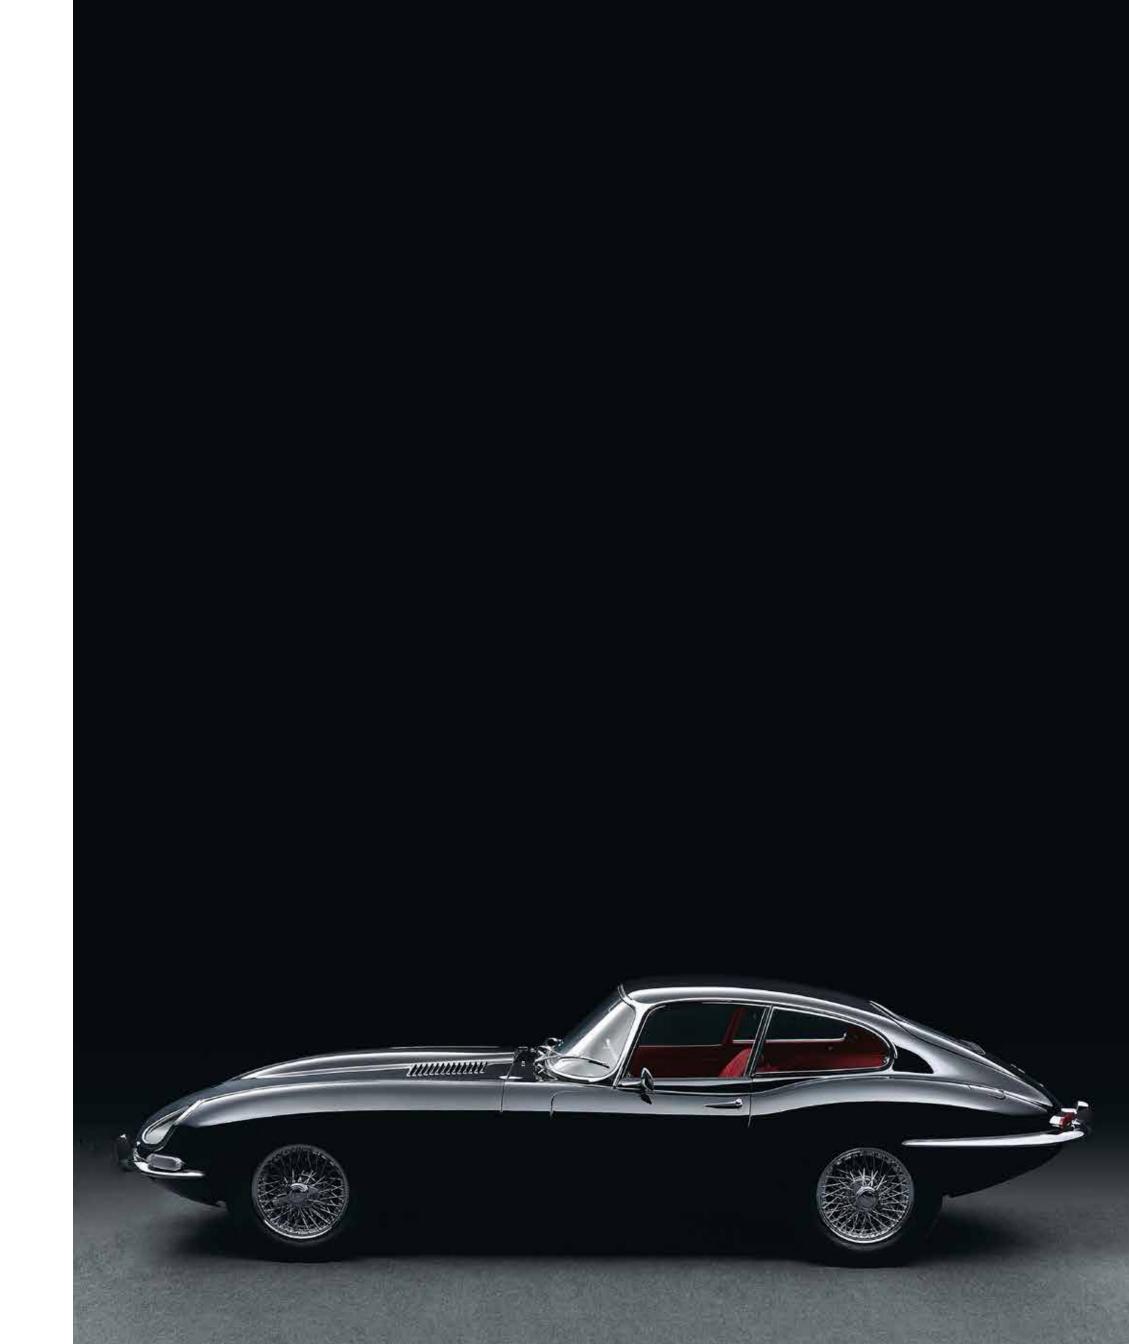

EMBLEM

At EMBLEM, design is the heart and soul of the brand. We design with intention and purpose, to ensure every space is as functional as it is beautiful. Our team imagines living in your future home before we have even built it, obsessing about the design of every space from the inside to the outside.

Timeless Design

Exacting Standards

Great design is the difference between a space that feels right and one that provides no connection. It is the single most important factor in how we feel about our home; it determines how we live our lives, how we interact with our loved ones, and how we rejuvenate.

The Art of New

86 Dundas East

Artform is an emblem of style, design and poise. A graceful denial of conformity. It acknowledges that art leads any great revival, forcing us to look to the future for inspiration. Artform's 17 storeys of bold, creative flair intersect with thoughtful, clean aesthetics to create the perfect marriage of art and design. Brick, metal, stone and glass come together in an architectural masterpiece of geometry and creativity. Spearheading the revitalization of an historic area, Artform is set to become the new mark of exceptional design south of Square One. It is a vision of how we will live in the future.

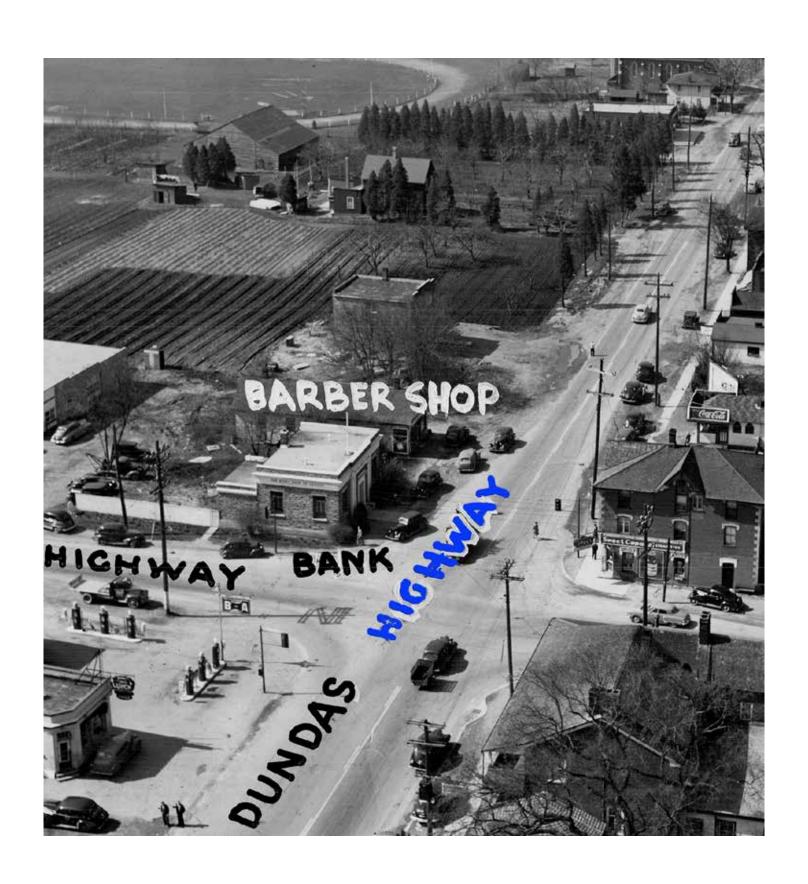

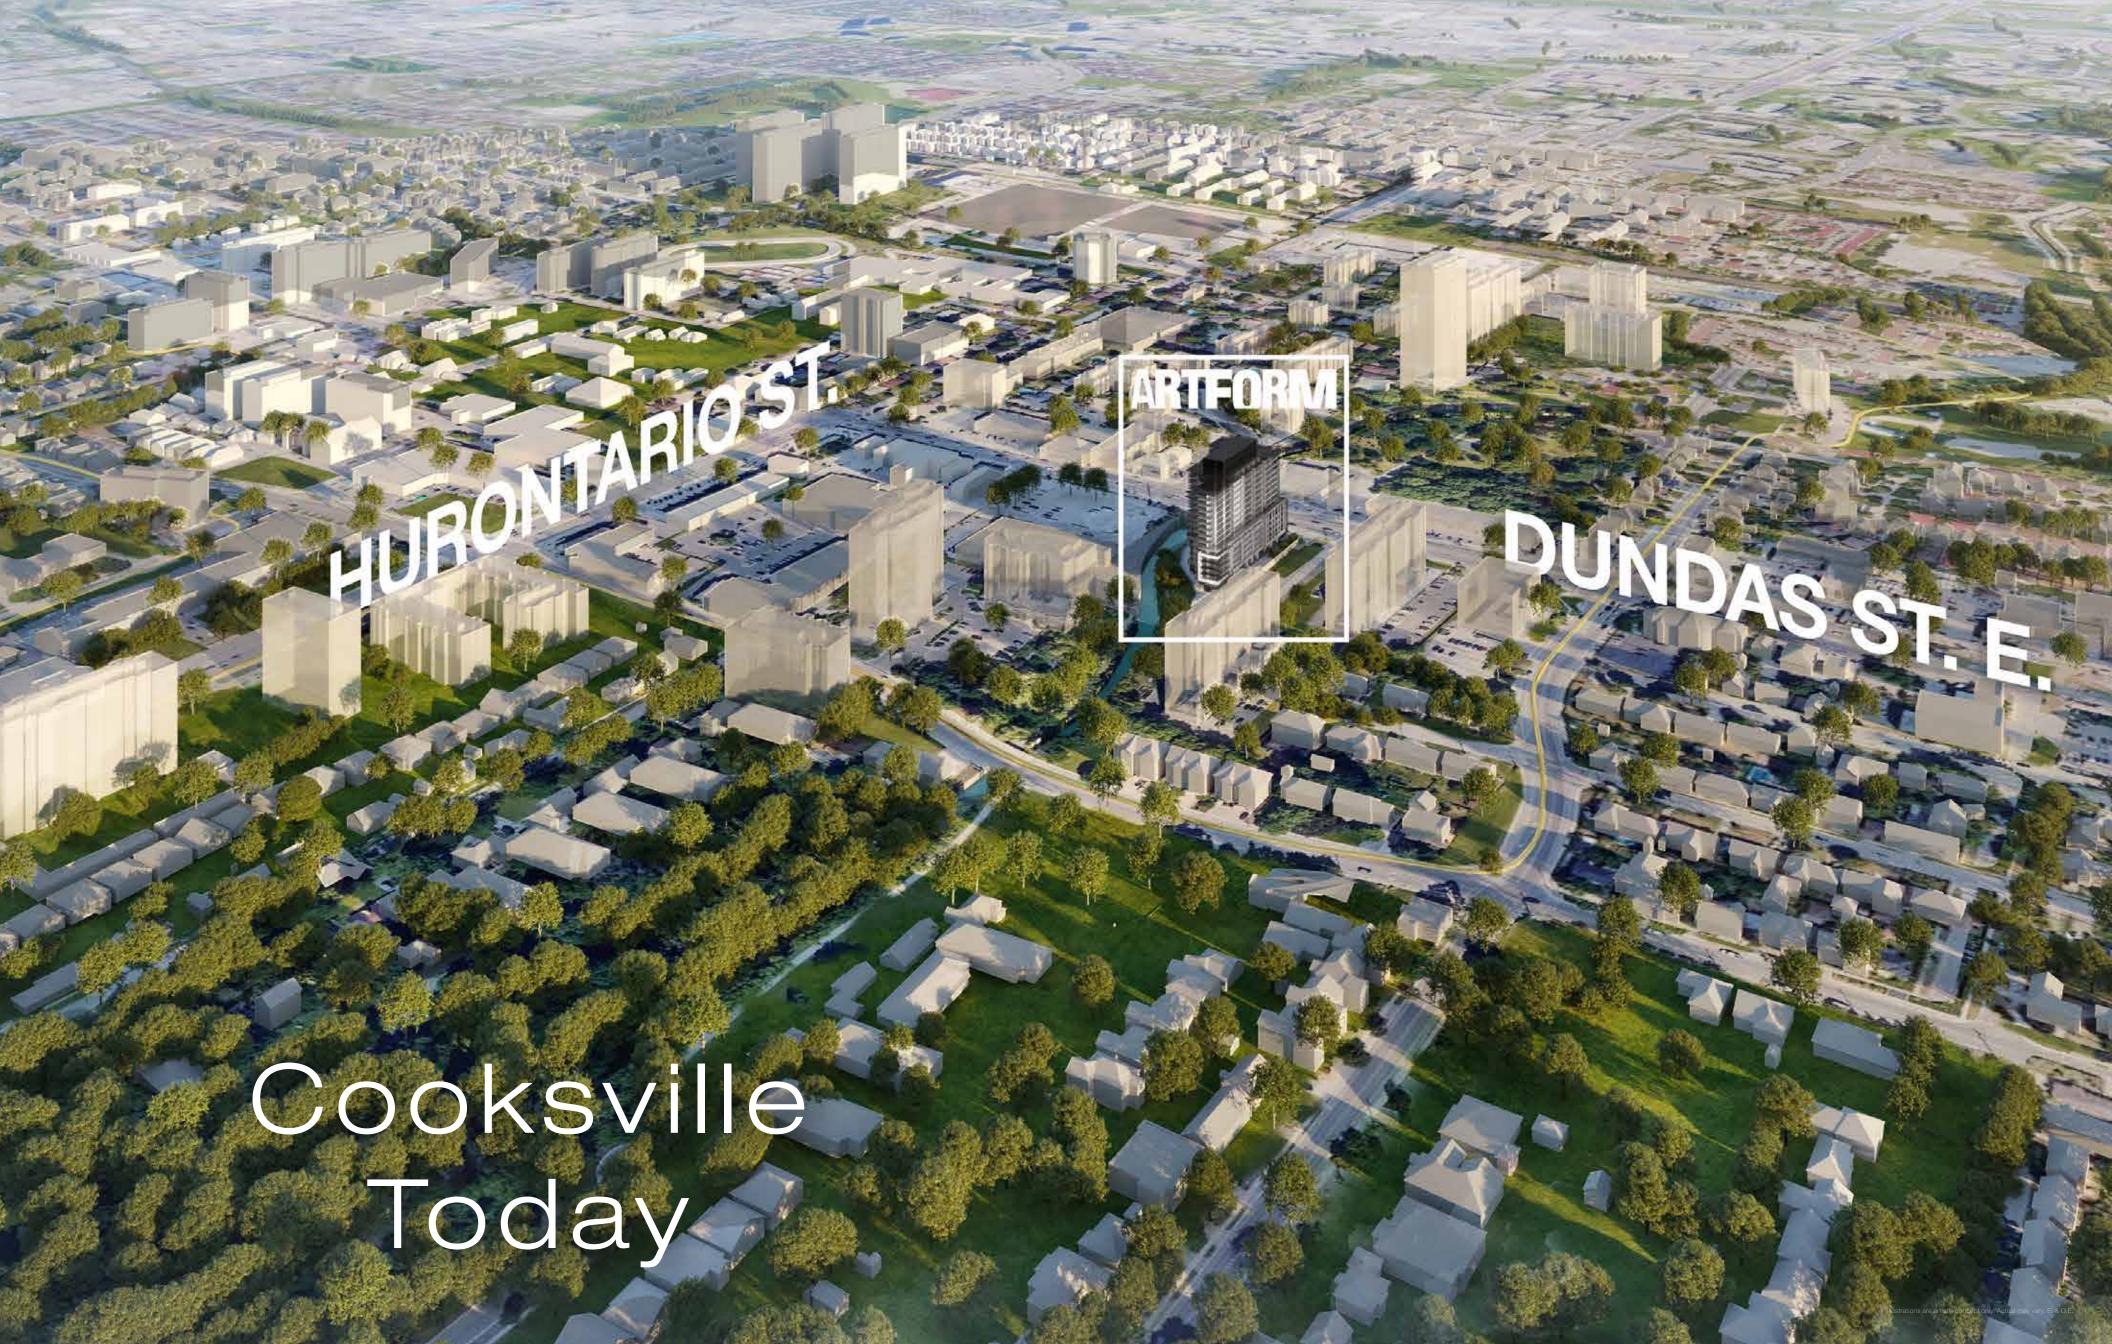

The Art of Change

From 1798 to Present

Time travel back to 1798 to the intersection of Dundas and Hurontario, and you'll be standing before a busy stage coach stop on an important transportation artery. The town of Cooksville grew up around this hub, becoming a centre of intense entrepreneurial and political activity. Since the 1800s, Cooksville has remade itself over and over again, and is now a diverse, mixed-use neighbourhood of apartment buildings, low-rise businesses, comfortable houses on tree-lined streets, parks and schools, all enviably close to downtown Mississauga.

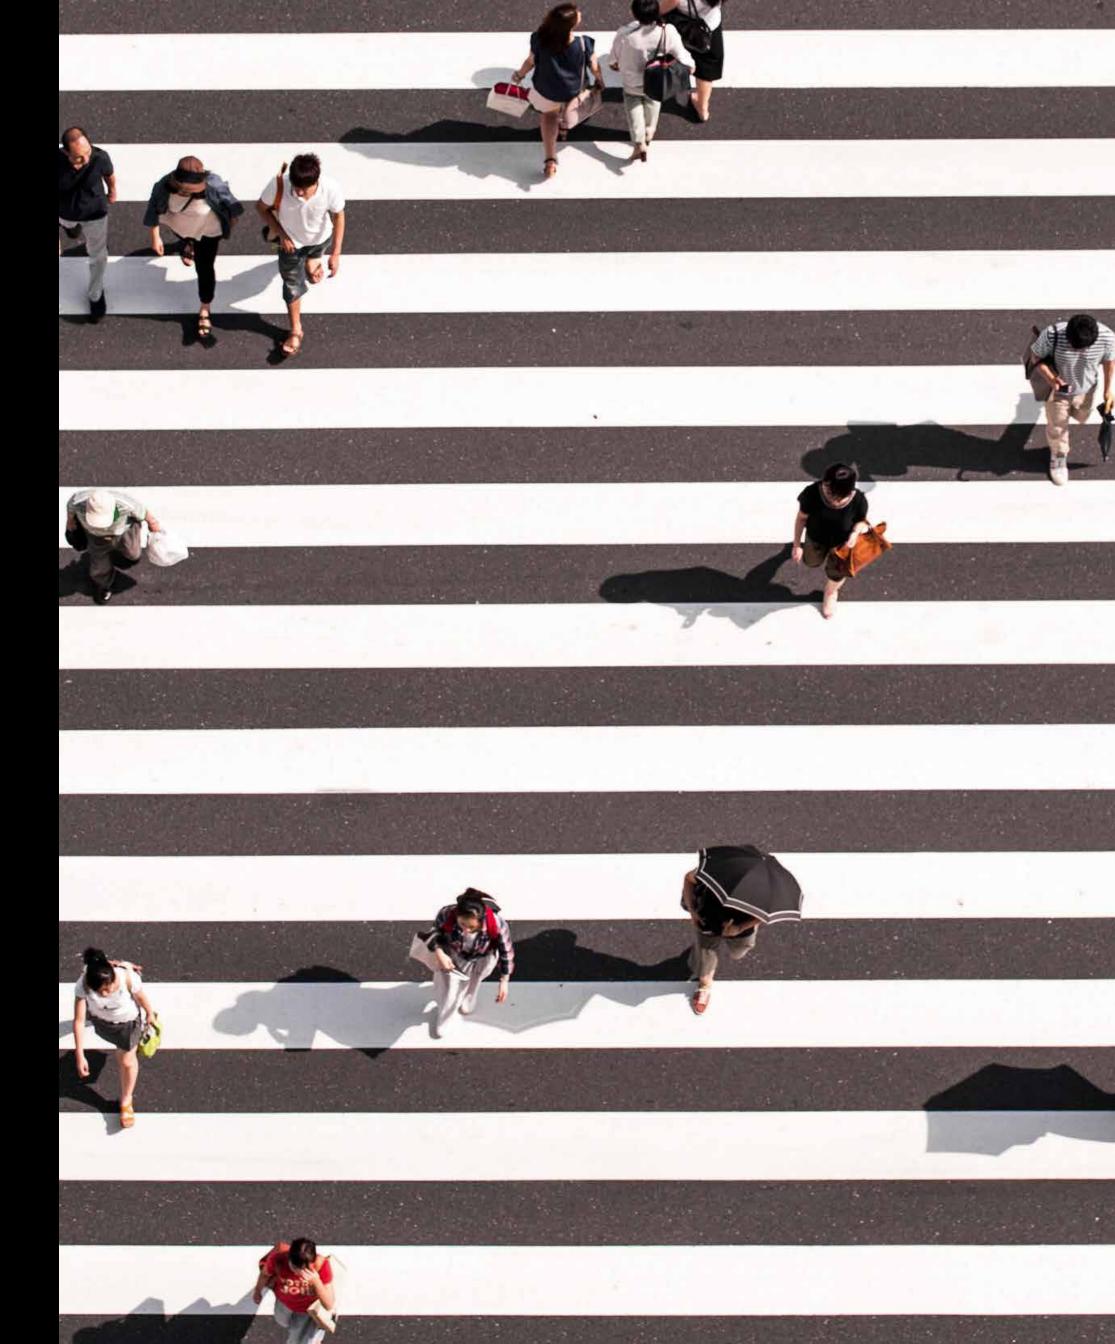

COOKSVILLE PAST

Movement of the People

With the Dundas corridor set to grow by 52,000 new residents and 9,600 jobs, public transit is ramping up to meet the increased demand. The new Hurontario Light Rapid Transit (LRT) line is now under construction by Metrolinx. Commuters will be able to connect directly to the GO system via the Cooksville GO station. As well, the Bus Rapid Transit (BRT) will provide direct connection to TTC subway stations, running along dedicated transit lanes. BRT service will be frequent, with the next bus coming in three-minute intervals.

Dundas Connects

Cooksville is set for major change and revitalization through the extraordinary Dundas Connects project. This master plan will beautify the Dundas corridor, transforming it into a vibrant, dynamic street that nourishes a growing population and encourages a healthy lifestyle. Anchored by new medium and low-density residential buildings that incorporate lively and unique retail options at ground level, Dundas will flourish with more of what makes a city enticing for residents: More parks, green spaces, and public art to enjoy; more cycling lanes, crosswalks and wide sidewalks for safer transportation; better public transit; and even a new state-of-the-art Community Hub for every kind of gathering.

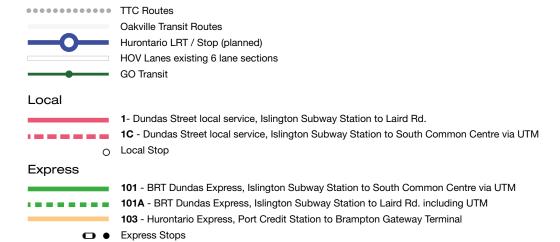

The New Hurontario LRT

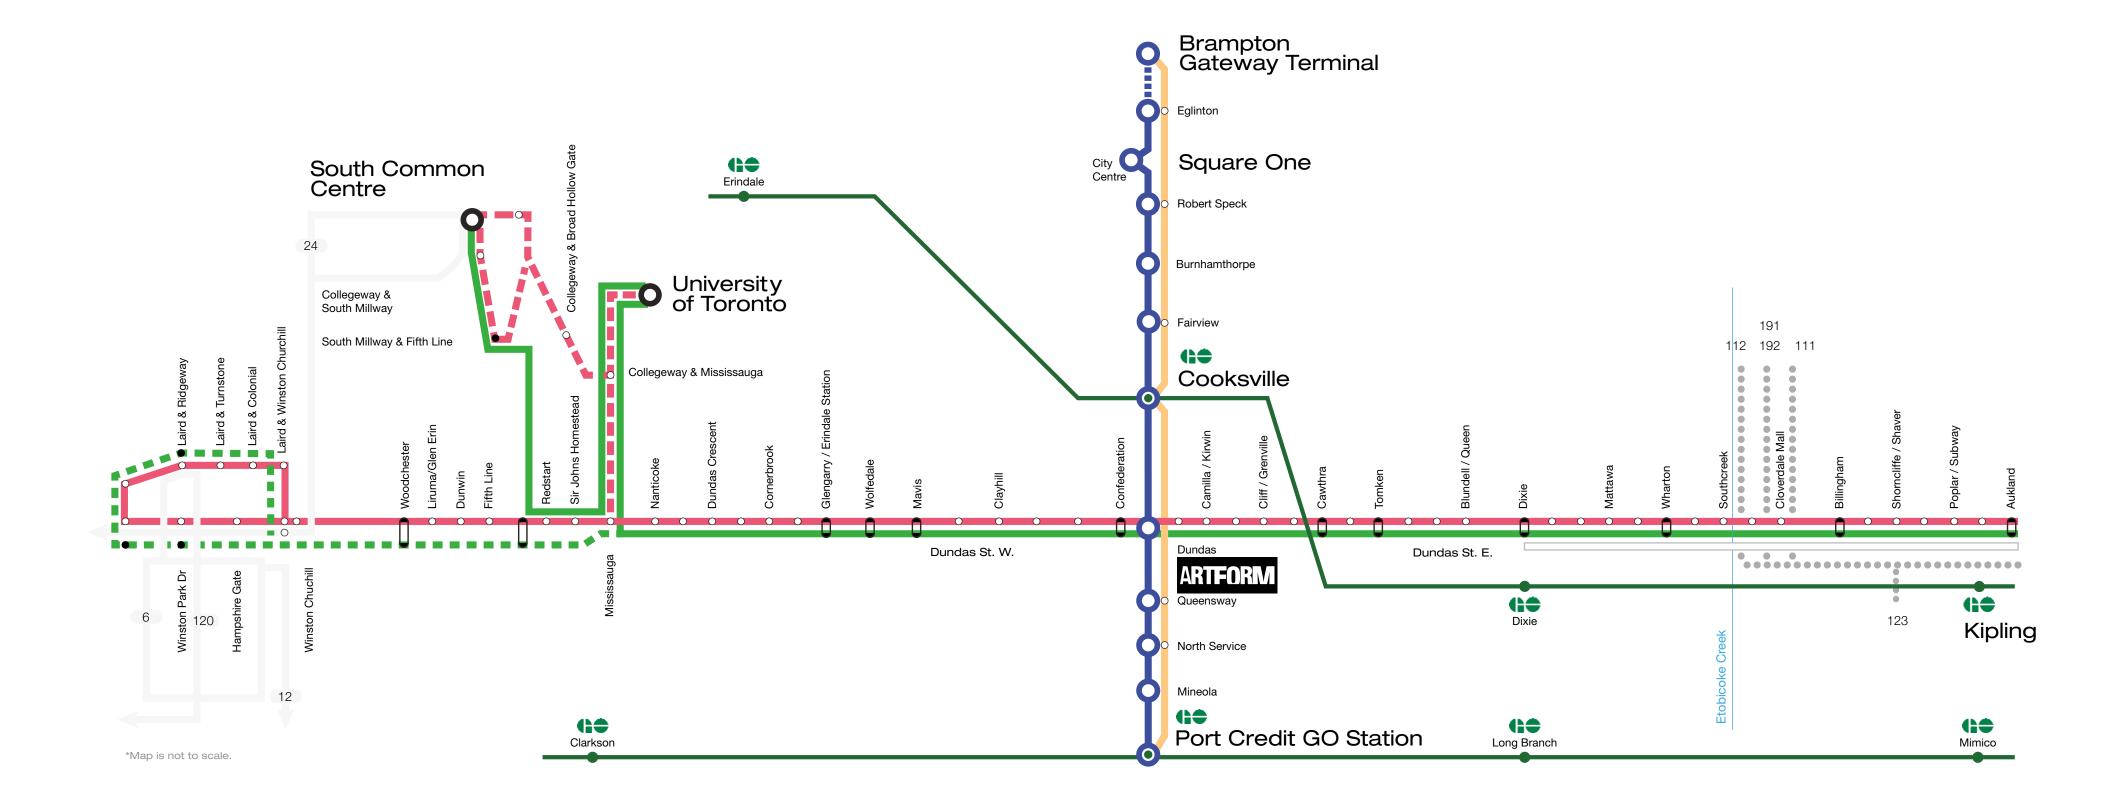

Cooksville's status as a transportation hub will be enhanced by the new 18 km Hurontario Light Rapid Transit (LRT) line, now under construction. With 19 stops, it will connect to the existing Cooksville GO Station – only one stop away from Artform – and enable access to the entire GTA. Artform is only 300 metres from the future Dundas LRT stop, and a quick five stops from Square One.

The Dundas Connects Future Transit

The City of Mississauga's Official Plan pinpoints Hurontario and Dundas Streets as "Intensification Corridors" that will be developed with a greater concentration of homes, employment opportunities, transit and other services. Cooksville's important status as a transportation hub for the GTA will be cemented with the improvement of public transit in the area.
