Genuine smokehouse food, from the incredible whole hog to ribs & southern fried cauliflower, plus a selection of craft beer, cider and cocktails.

NATURE TRAILS

Albion Falls

Albion Falls is one of the most picturesque waterfalls in the region and one of the city’s most popular. Formed over time into steps and shelves, fanning outwards into a beautiful cascade of rushing water.

NATURE TRAILS

Webster’s Falls

Webster Falls is the largest waterfall in the region – and one of the most popular. Located in the historic village of Dundas, it is close to hiking trails and beautiful green space.

NATURE TRAILS

Waterfront Trail

7.5km of trails along the shoreline of Hamilton Harbour from Princess Point (Cootes Paradise) through Bayfront Park and the West Harbour.

NATURE TRAILS

Eramosa Karst Trail

4km of trails filled with underground caves and streams, meadows and forests.

NATURE TRAILS

Christie Lake Trail

10km of trails through meadows and towering pine forests. There’s also a great mountain bike single-track trail that cuts through the forest.

ENTERTAINMENT

First Ontario Centre

See top musical acts and professional sports games at this large venue in downtown Hamilton. And look forward to upgrades to the facilities, thanks to a recent big investment.

ENTERTAINMENT

Waterfront Outdoor Rink

In the winter it’s a brilliant al fresco ice skating rink, and in the summer, it becomes a rollerskating venue. Rent skates if you need them and get into the groovy flow of dance music by DJs.

+\$4 BILLION INVESTMENT IN DOWNTOWN HAMILTON

Part of downtown Hamilton's draw is the restoration of historic buildings and a \$500 million investment into a new Entertainment Hub and revitalization of existing venues: the FirstOntario Concert Hall, the FirstOntario Centre, the Hamilton Convention Centre and the Art Gallery of Hamilton.

A Bell investment of \$400 million will be the largest digital infrastructure investment in the city's history. Approximately 200,000 homes and business locations will be upgraded to data speeds up to 1.5 gigabits per second. The combined investment exceeding \$4 billion is unprecedented in a community the size of Hamilton.

"AN IMPORTANT STEP TOWARD HAMILTON REACHING ITS ECONOMIC POTENTIAL."

- TOP 2** MID-SIZED CITY TECH TALENT
LABOUR POOL GROWTH

Top Tech Talent

Over the past 5 years, Hamilton's plan to grow its tech talent labour pool has seen tremendous results, increasing by 35.7%. In fact, CBRE ranks Hamilton in the Top 5 in Canada for the Quality of Tech Labour and Real Estate Cost, and in the Top 2 for mid-sized city tech talent labour pool growth. And, to make it easier for this new workforce to commute, \$3.4 billion is being invested in an upcoming new 14 km LRT line with 17 stops.

On the waterfront, a \$140 million redevelopment project will transform the harbour into a beautiful, pedestrian-friendly community with a commercial village and a public plaza. This mixed-use, transit supportive community will be an active destination on Hamilton's waterfront, and will offer new affordable housing, offices and retail space.

THE PERFECT TRANSIT HUB

West Harbour GO Station

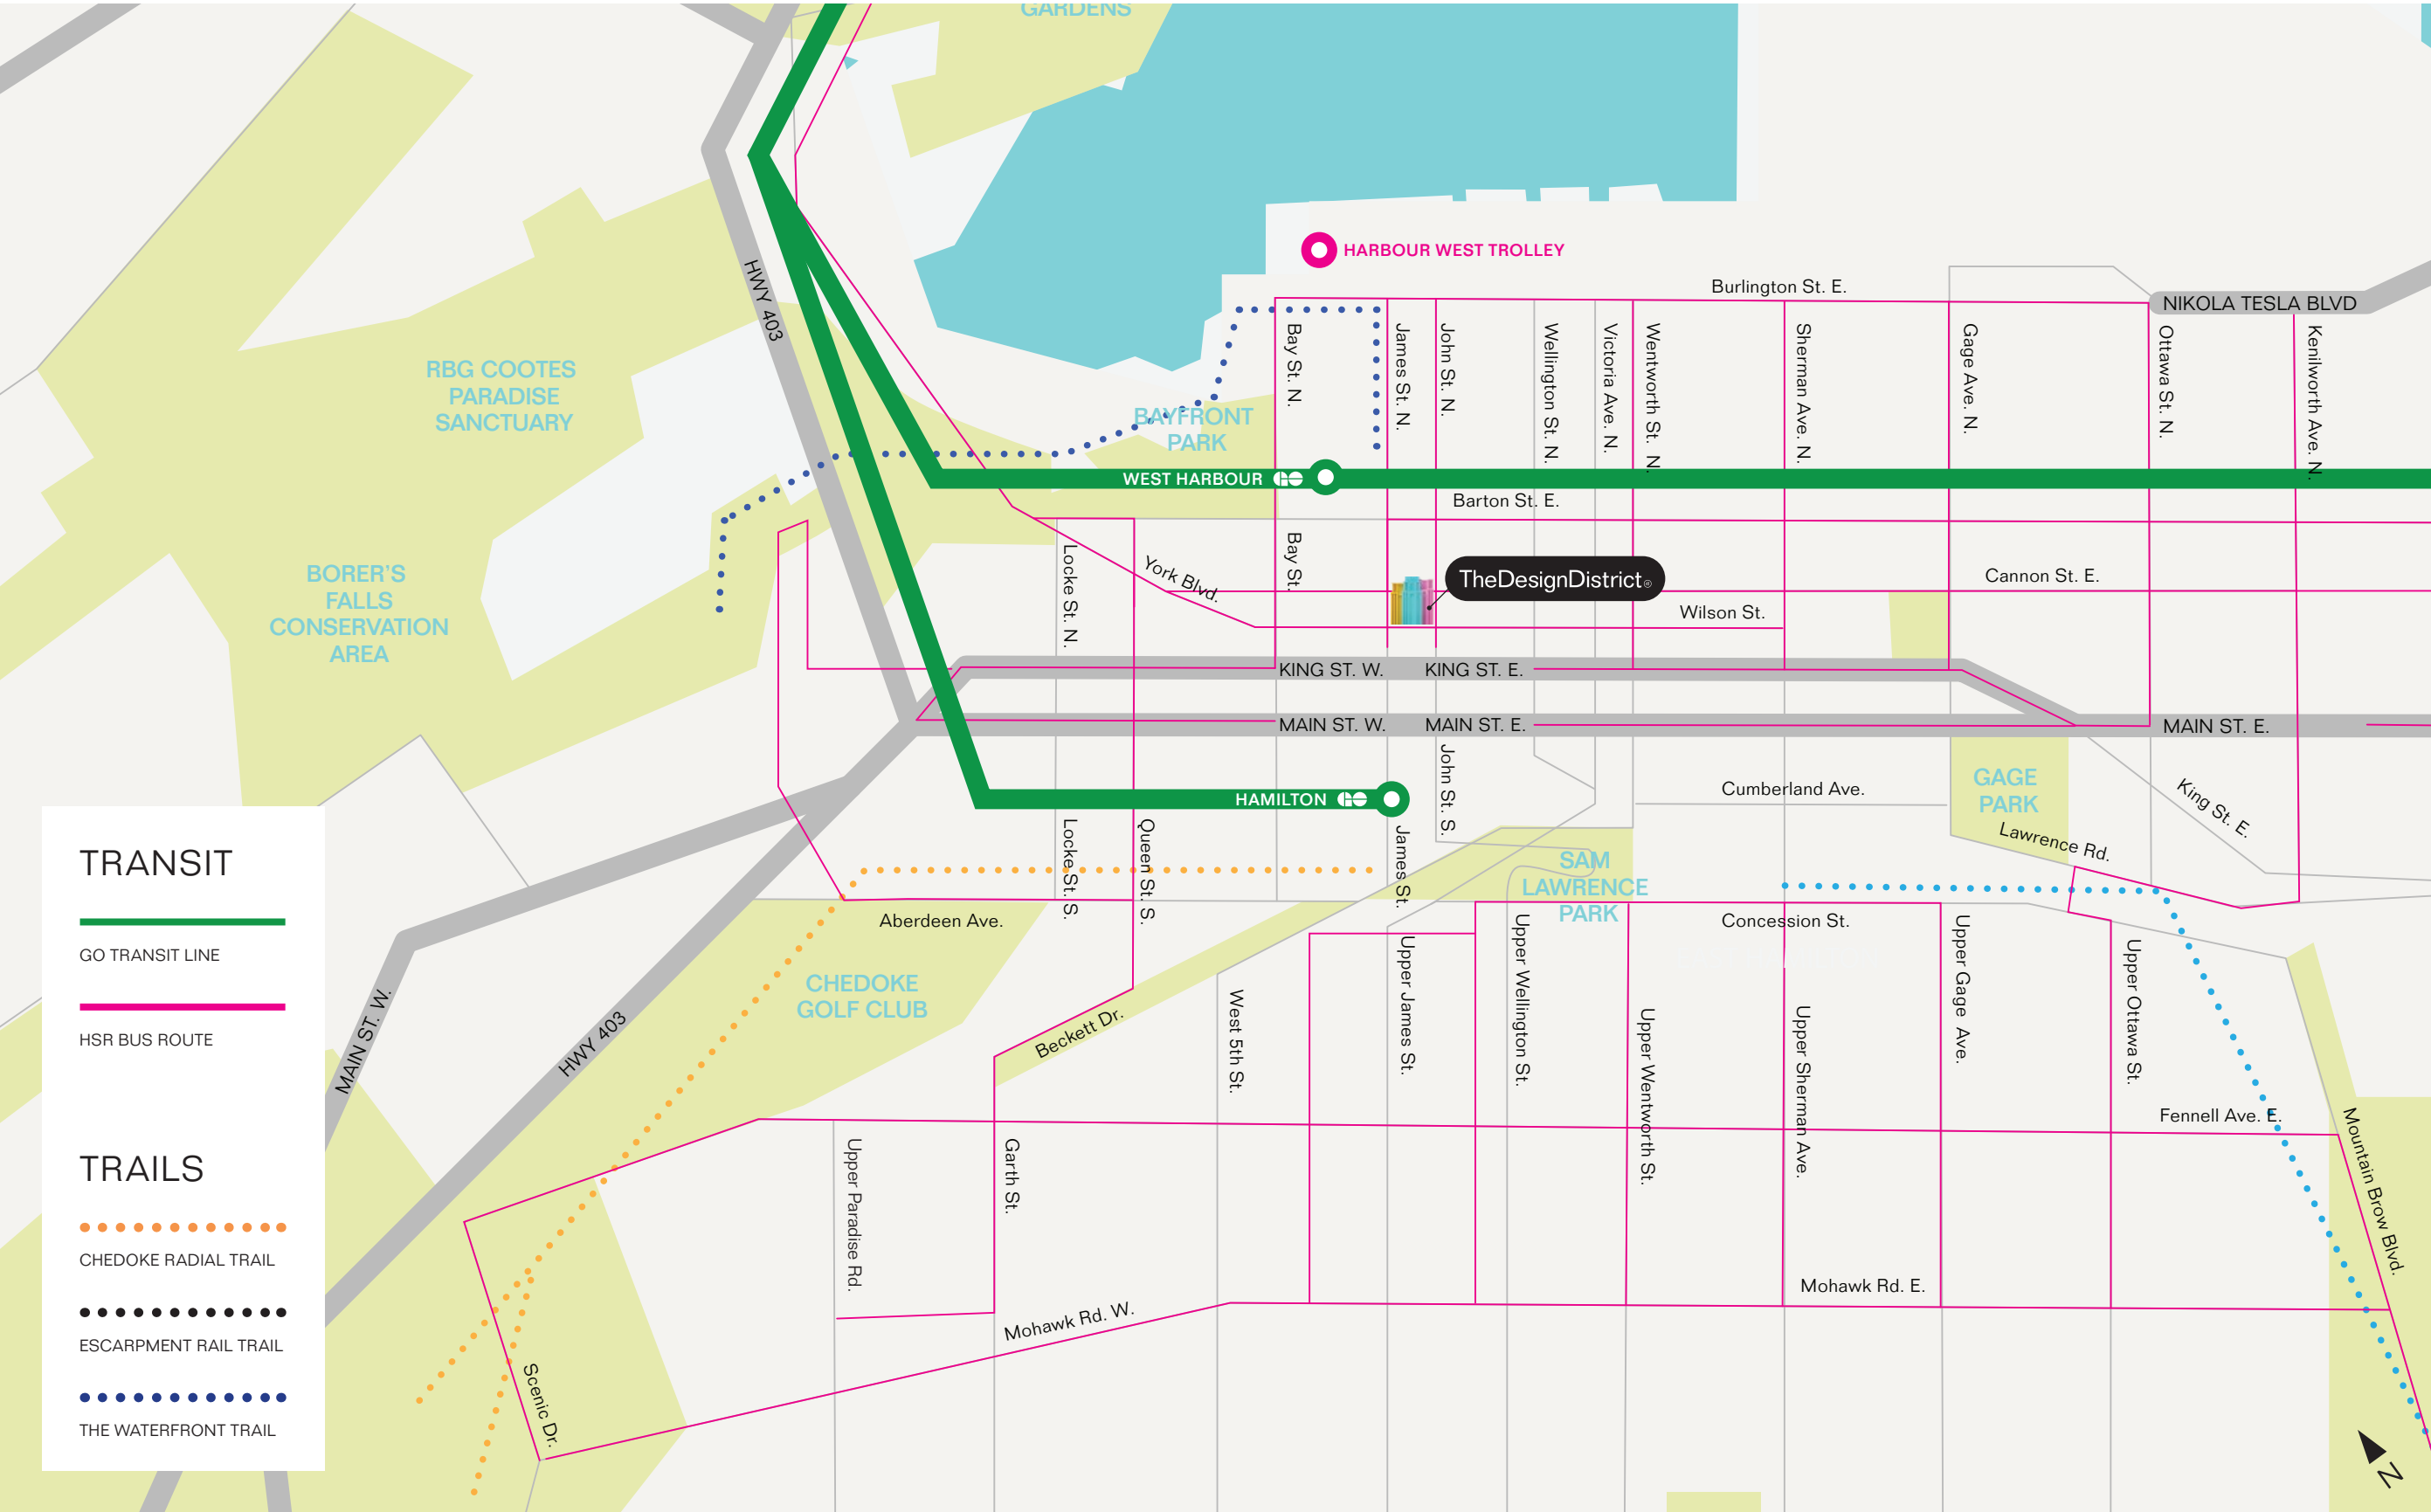

HAMILTON: A Connected City.

Hamilton is looking to the future as it continues to expand its transit and transportation connectivity.

The city – just an hour's drive to Niagara Falls, the US border, and Toronto – is well served by Highways 403 and the QEW. Within Hamilton, the Lincoln M. Alexander Parkway and Red Hill Valley Parkway ease congestion in and out of the core. And the GO train offers regular rides into Toronto through Aldershot, West Harbour and Hamilton GO stations, along with GO buses on the hour.

Transit & Trails

Flights of Convenience.

Hamilton has the John C. Munro International Airport, only 20 minutes from downtown, with domestic flights across Canada or to destinations throughout the US, Mexico and the Caribbean. Swoop, WestJet, Air Transat and Sunwing all fly out of this accommodating airport.

Go Car-Free.

Commuting in Hamilton gives you many options. Downtown is a walker's paradise, and a network of cycling paths makes taking your bike a good idea as well. For those who prefer to take transit, travelling across the city will be enhanced by the Hamilton LRT, a \$3.4 billion fully funded project to be completed by 2027.
