

PURCHASING PROCEDURE

1. Please submit your preliminary online reservation form now (do not forget to attach your ID), and indicate which unit type you want to purchase (For Example, Studio, 1BR, 1BR+DEN, 2BR or 2BR+DEN) and preferred floors height (low, medium, high)

2. You will be able to choose your specific floor plan after we send you the prices and floor plans.

3. When you receive all the information (floorplans and prices) - Please review the information and let us know ASAP which unit you want, and we will submit your reservation request to the developer. You will need to provide 3 choices (different floorplans and levels). For example, "Choice 1- Model: Charlize, floors 10 to 15. Choice 2- Model: Braque, floors 12 to 18. Choice 3- Model: Cohen, floors 3 to 5". We always try to get you your first choice, but this is not guaranteed.

Alternatively, you can wait until the prices and floorplans are sent to you and submit your reservation form with your choices after that, but note that all clients who send preliminary reservation forms will be processed first.

4. After your forms are submitted and confirmed by the developer (allocation may take several days), we will contact you with a particular unit that was allocated for you, and, if you confirm the purchase, the developer will prepare the agreement.

5. The actual agreement signing will take place about a week later by DocuSign (Secure Electronic Signatures).

6. REMEMBER! Once we receive your preliminary reservation form, you don't need to complete any other forms in the future!
